Subject: RE: [EXTERNAL] RE: CDU 181 Off Pad Draft Remediation Plan
Date: Wednesday, March 29, 2017 4:38:33 PM

All,

In the e-mail chain below we had proposed a follow up meeting to review this document with everyone. It seems at this point that this week is getting away from us quickly so we would like to propose next Tuesday (04/04/17) as a potential date for this meeting to occur. Currently Brett and I both have open availability throughout that day so we could schedule around whatever works best for everyone. Mike, Crystal, and Amber could you please review your calendars and let us know if this date will work? If it does what time will work best for you?

I look forward to hearing back from you.

Thanks,

Mike Shoemaker

Subject: RE: [EXTERNAL] RE: CDU 181 Off Pad Draft Remediation Plan

All,

Attached please find the proposed work plan for the off pad portion of 2RP-3990. Please keep in mind that the on pad work was completed per the existing work plan that has been approved. I wanted to get this out to everyone and let you all have a look at it and see if sometime next week would work to review the plan. If more time is necessary I understand. If you do not have time to sit down to review the plan but do still have questions please provide those questions to Mike Shoemaker and I and we will try to get back to you as soon as possible.

Looking at my schedule it looks like I could do Tuesday morning or anytime Thursday, I know you all have very busy schedules though and if we can't meet face to face I understand. Thank you for your patience with us on this plan.

Thanks,

Brett Fulks

All,

I apologize that we could not get the work plan to you last week. We are working closely with Talon to get a solid remediation and monitoring plan together.

Thanks,
Brett

> We just wanted to reach out to let you know that we are working closely with Talon to try and finalize the draft for the CDU 181 Off Pad Remediation. I didn't want any of you to think it was growing stagnant, we have been working edits with Talon and are hoping to have it out by COB Friday. Thank you all for your patience on this job.
