OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Mr. Bratcher

Read & Stevens has contracted Republic Backhoe Service, LLC to conduct the Release Characterization Work Plan for the Bandit State #4 Tank Battery (2RP-4709). In accordance to NMOCD guidelines, we would like to begin to delineate the release area at the site on 4/24/2018. Please let me know if a NMOCD representative will need be present to witness the sampling at the site.

Thank you,

Eric Garcia
