RE: Energy Transfer * TD-5 10" * Fab1718137862 * 2RP-4273

Dean,

Sorry for the delay on this one. It and quite a few others had been misplaced. I have included a scanned copy of the signed Initial C-141 Remediation Permit along with an attached Conditions of Approval. The OCD tracking number for this event is 2RP-4273. Considering the delay OCD will accept release characterization work plans 15 days from today's date.

Thank you,

Crystal Weaver
