Mike,

Please find the attached Delineation Workplan and remediation proposal for the OXY Cedar Canyon 28 Federal #4 (2RP-2431) that we discussed in your office on June 8, 2018. OXY is looking forward to the OCD's approval.

Shelly – OXY requests that you review this plan and look forward to the BLM's approval as well. Shelly, this leak is very old, and it was drilled and chloride impact was consistent to depth. This project was kind of lost and our apologies. This area is near the Malaga Bend and salt mining areas. The release was only 10 barrels. Mike has agreed to a 2-foot excavation so that we may proceed and close out this old release. If you have any questions, just let me know and we can discuss. I look forward to your approval.

If you have any questions, please let me know.

Thanks, Cliff
