Subject: Closure Approval 2RP-4570 Marathon Oil - 2RP-4570 Final C141 Submission
Date: Wednesday, July 26, 2018 7:52:00 PM

Hello Ms. Karrigan,

I'd like to introduce myself, I am the new ES here in District 2 and I look forward to working with you all in the future.

We have received your Final C-141, thank you! This closure for 2RP-4570 has been approved. Please let me know if you have any questions.

Best Regards,

Maria Puett

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Beware of links/attachments.

RE: Marathon * Red Light 27 34 State COM #2H * 30-015-43917 * 2RP-4570

Jason,

I have included a scanned copy of the signed Initial C-141 Remediation Permit along with an attached Conditions of Approval (COA). The OCD tracking number for this event is 2RP-4570, please refer to this tracking number on any and all submissions sent in to the OCD.

Please note: for this one since very little volume was lost to the ground and caliche was stated to be removed and replaced a Final C-141 submission with possibly a picture of the clean caliche material (if you felt so inclined to provide) would really be all that is needed for us to close out this release.

Thank you,

Crystal Weaver
