RE: COG \* State GQ Com 3H \* 2RP-4139 \* DOR: 3/3/17

Nikki,

Your proposal for remediation of the above referenced release is approved. It is OCD's understanding hydrocarbons will be tested for during confirmation sample testing. Please advise once remedial activities have been scheduled.

Thank you,

Mike Bratcher

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
