RE: COG: SRO St Com 64H * **2RP-3974** * DOR: 10/28/16

Nikki,

Your proposal for remediation of the above referenced release is approved. Please advise once remedial activities have been scheduled.

ATTN Becky: 2RP-4007 is open on this site. Looks like it was a release in a lined area and could probably be closed with a final C-141 (with the liner integrity check).

Thanks,

Mike Bratcher

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Subject: 2RP-3974 SRO State Com #064H - Soil Investigation Summary and Proposed Remediation Workplan

Good Morning Mr. Bratcher and Ms. Groves,

TRC, on behalf of COG Operating, LLC, has prepared the attached Soil Investigation Summary and Proposed Remediation Workplan for the SRO State Com #064H (API# 30-015-42130) Release Site. The legal description of the Release Site is Unit Letter "E", Section 10, Township 26 South, Range 28 East, in Eddy County, New Mexico. Upon your approval, COG is prepared to begin the activities outlined in the attached Workplan. Please feel free to contact Becky Haskell or myself with any questions.

Thank you,

Nikki Green
