Subject: Closure Approved 2RP-4701: Nosler 12 Fed TB closure report
Date: Friday, August 24, 2018 9:40:00 AM

Hello Johnny,

OCD has received your final C-141 and closure report, thank you! This closure has been approved. Please note that under new rule guidelines the TPH results would require additional remediation.

Best Regards,

Maria Pruett

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
