Date: Tuesday, August 14, 2018 6:02:21 PM

BLM accepts your delineation proposal. Like approval from NMOCD is required.

If you have any questions or concerns, please do not hesitate to contact me.

Sincerely,

Shelly J Tucker

The **BLM acceptance/approval does not** relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment or if the location fails to reclaim properly. **In such an event a site does not achieve successful restoration, or future issues with contaminants are encountered, the operator will be asked to address these issues until they are fully mitigated and the location is successfully reclaimed.** In addition, BLM approval does not relieve the operator of responsibility for compliance with any other federal, state or local laws/regulations.

Mike,

Please find the attached Delineation Workplan and remediation proposal for the OXY Cedar Canyon 28 Federal #4 (2RP-4363) that we discussed in your office on August 9, 2018. OXY is looking forward to the OCD's approval.

Shelly – OXY requests that you review this plan and look forward to the BLM's approval as well. Shelly, this leak is at the same location of the old one that you approved on June 20, 2018. I meant to include this one then, but forgot. Similar situation on this as the old one.

Mike has agreed to a 2-foot excavation so that we may proceed and close out both leaks. If you have any questions, just let me know and we can discuss. I look forward to your approval.

If you have any questions, please let me know.

Thanks, Cliff
