Good Morning Mr. Marker,

I'd like to introduce myself, I am the new ES here in District 2 and I look forward to working with you all in the future.

One of our inspectors observed a possible tank leak at the Tamarack site API:30-005-60949. Please see attached photos.

Let me know if you have any questions or need any further information.

Best Regards,

Maria Pruett

Maria,

Attached are pictures of the Tamarack QF State Battery that is on the same location as the Tamarack QF State 001, 30-005-60949. It appears that the overflow tank is leaking and also maybe the plumbing. The last time I talked to Mr. Marker he told me that he would remove the overflow tank because it was leaking.

Thank you,
