Karolina,

Your variance requests, as submitted for the above referenced Recycle Containment, are approved. Sorry for not getting this all in one email. I am preparing for some time off and getting a little ahead of myself. Hopefully I have covered the approval for this permit.

Thank you for your patience.

OCD approval does not relieve the operator of liability should their operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Karolina,

As an addendum to the email approval for the above referenced Recycling Containment, I failed to list the name of the containment in the approval. It is as listed above.

Thank you,

Karolina,

Your form C-147 for registration of a Recycling Containment, as referenced above, is approved, and has been assigned an OCD tracking number of **2RF-117**. Please reference this number when submitting monthly form C-148 volume reports. As a condition of approval, the operator (RKI E&P), agrees to construct, operate, maintain, and close the containment, in full compliance with all aspects of 19.15.34 [NMAC].

Thank you,

Mike Bratcher
