Ms. Pruett,

I am emailing you in regards to the phone conversation on 10/10/18. I added two extra sample locations to the figure as discussed. We will be collecting closure samples for sample locations for R1-R7 and P1-P4. These samples will be sent to a laboratory and tested for all the constrictions in Table 1 NMAC 19.15.29. Shown in Figure 3a
