Subject: [EXT] (Time Extension Request) Graham Cracker 2 State #001H 08-22-2018 2RP-4954

Ms. Pruett,

COG is requesting an extension of time to submit a work plan for the above mentioned site. This release was caused by a third party who said they were going to hire a consultant to delineate the site, submit a work plan and to remediate the site. Due to a lack of work being performed by the third party COG will be remediating the spill. Initial samples have been collected with a hand auger and samples are at the lab. Depending on sample results it may be necessary to revisit the site with a backhoe to obtain deeper samples which could not be collected with the hand auger due to a hard formation present after six inches. COG is requesting an extension until December 21, 2018, to submit a work plan to the NMOCD District 2 office. Please let me know if you have any questions or concerns.

Thank You,

Becky Haskell
