Guys,

I apologize for the tardiness of this notification. I was on vacation when this happened and was under the impression that this had been completed already. The guys that were on call told me that they had tried to make contact with anyone from district 2, I gave the several contacts that I had for them to call, but they got no response. Attached is the initial C-141. SMA will be on it as soon as possible to assess the situation. Thank you and have a nice day. If you have any questions or concerns please feel free to call or email me.
