This C-141 lists an API number but will need to be opened as a facility due to the API number belonging to COG and the spill being under Holly OGRID number.

Mike,

I have filled out the attached OCD 141 form on Transwood Logistic Inc. behalf. Brian Cooper with TRC is the project manager. He said he would be calling you.

We will send you additional information regarding the remediation project when it becomes available to us.

It you have any questions, please give me a call.

Thanks for working with us!
