OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Mr. Bratcher and Mr. Mann,

Please find the attached Site Assessment Summary and Proposed Remediation Work Plan that has been prepared for the COG Operating, LLC Release Site known as the Willow 17 State SWD #001. The site is located in UL "P", Section 17, Township 25 South, Range 28 East in Eddy County, New Mexico. If you have any questions or need any additional information, please feel free to contact Becky Haskell, Ike Tavaréz, or myself. Thank you.
