OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

All,

Attached is the remediation plan for 2RP-4977. Please note the GPS on the initial C-141 is incorrect. The correct GPS is in the report. Please let me know if you have any questions or wish to discuss. Thanks and have a good day.
