Subject: Release notification - XTO Energy Plains CDP (API for Poker Lake 410H: 30-015-40964)

Good morning, this is sent as notification of a release of fluids greater than 25 barrels from the referenced facility. We have included the API number for the Poker Lake Unit 410H because it is the nearest well to the battery. The source of the release has been stopped and standing fluids have been recovered. Details will be included with a form C-141. Please contact us with any questions or concerns.

Thank you,
