OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

**Beware of links/attachments.**

Callie,

This C-141 is for a release in Eddy County, OCD District 2. Please correct and resubmit to me and the following:

Rob Hamlet \* [robert.hamlet@state.nm.us](mailto:robert.hamlet@state.nm.us)

Victoria Venegas \* [victoria.venegas@state.nm.us](mailto:victoria.venegas@state.nm.us)

If you look at the Range number (S-T-R), Range 32e and up will be Lea County, District 1 Hobbs. Range 31e and below will be District 2 Artesia. Another way to distinguish the two Districts is the API number. The third, fourth and fifth number denote the county, with 015 being Eddy County and 025 being Lea County.

Thanks,

Mike Bratcher

**Subject:** Marathon Oil Company - 24 hour notification - Fiddle Fee TB 2H

Good evening,

This morning at 9:24 am, the Operator reported the mechanical seal on the water transfer pump failed resulting in a release into lined containment. Approximately 125 bbls of produced water has been recovered with 1-2 additional loads anticipated. Approximately 1 barrel of fluid was recovered outside the battery due to an overspray.

Please let me know if you have any questions.

Thank you,

*Callie Karrigan*
