Attachments: Deferral Approval - COG - SRO State Com 3H - (2RP-5329) 6.17.19.pdf

DeAnn,

GHD's closure report for the above release, requests to postpone additional remediation efforts in the Deferral Areas until any future Site alteration or final abandonment activities. The areas requested for deferral are identified on the site map as (COG 3-2') (COG 4-2') (COG 5-2') (COG 6-2') (COG 8-2') (COG 11-2') (COG 12@4') and (COG 22-1'). The areas have been delineated and documented in the report. At this time, OCD approves this request. The Final Report C-141 will be accepted for record and marked accordingly. The release will remain open in OCD database files and reflect an open environmental issue. This is a State site and will require like approval from SLO.

Thank you,

Robert J Hamlet

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
