OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Subject: Marathon Oil Company - 24 hr notification - Fiddle Fee TB 8H

Good evening,

This morning at 6:25 am, the Operator reported the mechanical seal on the water transfer pump failed resulting in a release into lined containment. Approximately 10 bbls of produced water has been recovered. An area of approximately 8ft by 3ft spilled outside the secondary containment due to overspray.

Thank you,

Isaac Castro
