Subject: Oxy - C-147 Registration Package - Sand Dunes Recycling Facility and Containments (2 of 4)
Attachments: Oxy C-147 Registration Package - Sand Dunes (2 of 4).pdf

Mike, Brad and Tomas:

In accordance with NMAC 19.15.34, Oxy USA Inc. requests the registration of the proposed Sand Dunes Recycling Facility, Sand Dunes – Recycling Containment #1, and Mesa Verde – Recycling Containment #2 through the approval of this C-147 Registration Package. The facility and containments will be used to treat and recycle produced water for re-use in Oxy USA Inc. drilling/completion activities.

A hard copy of this C-147 Registration Package has been sent via FedEx to each of you, expect this package before noon tomorrow (4/27). Attached is a PDF form of the C-147 registration package (2 of 4), separated into 4 parts due to the file size. A copy of the C-147 will be submitted to the land owner, the Bureau of Land Management. This package contains the C-147 form and associated documents for registration of the:

- Sand Dunes Recycling Facility (U/L: L4, Section 4, T24S 31E, Eddy County)
- Sand Dunes – Recycling Containment #1 (U/L: M/D, Section 4/9, T24S 31E, Eddy County)
- Mesa Verde – Recycling Containment #2 (U/L: K, Section 18, T24S 32E, Lea County)

I appreciate the guidance and opportunity to review the locations with Brad and Tomas in Santa Fe. If there is additional information needed or any questions, please contact me at the numbers below.
