**Attachments:** Oxy - Sand Dunes C-147 Modification - Signed.pdf; SAND-DUNES\_RECYCLING-CONTAINMENT\_SIGNED-SET\_12-15-2017.pdf

Brad/Mike,

As discussed last month, the dimensions and volumes of the Sand Dunes Recycling Containments have changed from what was previously submitted and approved. Oxy is awaiting NMOCD identifier numbers for the facility and containments. Please see the modified C-147 form attached with the corresponding updated engineering drawings. This facility and containments are currently in the process of being constructed. If additional information is needed, please let me know.

Thanks,

Dylan Allen
