Dylan,

Sand Dunes Recycle Facility has been assigned 2RF-129. The North Containment will be 2RF-129-1 and the South Containment will be 2RF-129-2. It will likely be next week before the documents are uploaded.

**Subject:** Oxy - Sand Dunes C-147 Start-up Notification/Identifier Number Request

Brad/Mike,

Oxy plans to begin moving treated water to the Sand Dunes Recycling Containments this Friday. The Sand Dunes Recycling Facility and Containments were approved on July 6<sup>th</sup>, 2017. A modification to the dimensions of the ponds was submitted on February 5<sup>th</sup>, 2018. Oxy is still awaiting identifier numbers for the containments and the posted C-147 on the NMOCD Imaging website. If additional information is needed, please let me know.

Thanks,

Dylan Allen
