**Subject:** Oxy - Sand Dunes Recycling Facility - 2nd Modification (ASTs)  
**Attachments:** Oxy - Sand Dunes C-147 2nd Modification Package.pdf; ASTs Location.pdf

Brad/Mike,

Oxy is submitting a 2<sup>nd</sup> C-147 modification to the Sand Dunes Recycling Facility. This modification is in regards to the construction of 2 additional synthetically lined ASTs included in the recycling facility process – in this case the two ASTs will be located at a gunbarrel water polishing facility 1300ft. southwest of the recycling facility. Please see the attached Sand Dunes Recycling Facility C-147 Modification Package. Please let me know if there is further information needed. Thanks,

Dylan Allen
