RE: Chevron * HHNM Frac Pad 6 Pkg 4 WTC * 2RP-5046 * DOR: 9/15/2018

Cliff,

Your proposal for remediation of the above referenced release event is approved with the following Condition of Approval:

- Additional excavation may be required in the areas identified as SP4 and SP5 in order to achieve the remedial goal of 600 mg/kg for chloride levels allowed to remain in place.

If you have any questions or concerns, please contact me.

Thank you,

Mike Bratcher
NMOCD District 2
811 South First Street
Artesia, NM 88210
575-748-1283 Ext 108

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Subject: [EXT] Chevron HH NM Frac Pad 6 Pkg 4 WTC (2RP-5046) - Delineation Workplan

Mike and Ryan,

Please find the attached Delineation Workplan and remediation proposal for the Chevron HH NM Frac Pad 6 Pkg 4 WTC (2RP-5046). Chevron is requesting that you review this plan and is looking forward to the OCD's and SLO's approval.

If you have any questions, please let me know.

Thanks, Cliff
