OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Good Morning,

This is sent as notification of a release of fluids in association with the referenced facility in an amount greater than 25 barrels. The release occurred last night. The source of release has been stopped and the impacted area has been secured. Free standing fluids were recovered. Details will be provided with an initial form C-141. Please call with any questions or concerns. Thanks. --Kyle
