RE: OXY * 2RP-5059

Cliff,

Your delineation and remediation proposal for the above referenced project is approved.

Thank you,

Mike Bratcher

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Mike,

I am following up on this workplan. I sent it to you and Shelly on December 10, 2018 and have not received a reply from OCD Artesia. I have attached Shelly's approval on 1/28/19. Would you please review and get back to me with approval or any concerns you have. Oxy would like to complete this remediation.

Thanks, Cliff
