Mr. Hitchcock,

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

COG Copperhead 31 Federal Com #1H 2RP-96 & 2RP-5034

All,
We were told by the OCD Environmental Bureau Chief that multiple RP-Number Reports will require a payment for each RP-Number. In the case of this Report on the "COG Copperhead 31 Federal Com #1H 2RP-4796 & 2RP-5034", it would require 2 payments of \$150 (one for each RP-Number).

Generally, The \$150 fee applies to:

1. Initial C-141
2. Remediation Plan or Deferral
3. Closure Report

Each form requires a separate fee if sent in separately. If a Remediation-Closure Report was sent in on the same report, it would only require 1 payment of \$150 instead of 2.

An Initial/Final C-141 Report (would also require only 1 fee if sent as a single document).

If the form is incomplete or denied, the forms will be charged an additional \$150 fee at resubmission.

Please let me know if you have any questions,
