We are looking into the spill you took a picture of and will let you know something and we will repair the liner.

Good Afternoon Rebecca,

Saw this spill (picture attached) at the entrance of the above location. From what I recall, both reported releases (2RP-4763 and 2RP-4796) followed the same path.

Can you tell me which spill this picture is tied to or if it is related to a different release? Thank you.

Also, holes in the lined containment need to be repaired.
