Subject: [EXT] Closure Report - Water Inj. Station

Mr. Titsworth,

As of July 1<sup>st</sup>, Application for administrative approval of a release notification and corrective action will require the operator to go to <https://wwwapps.emnrd.state.nm.us/OCD/OCDPermitting/Default.aspx> and provide payment for review of forms and/or documents.

Attached is a news release for Senate Bill 553 which establishes a fees schedule for the NMOCD. As of today, the fees go into effect and the payment is live on the OCD website. In order to ease some of the transition, NMOCD has put a [FAQ announcement](#) on our website.

Regards,

Victoria Venegas

*OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.*
