Ashley,

I will go ahead and deny the report in the payment portal with the P. O. Number (PO# QLORA-191029-C-1410).

Also, it appears the Closure Criteria premise in your report is incorrect.

Rule 19.15.29.11

the release is of an unknown quantity or results in greater than 200 barrels of unrecovered produced water to be remediated to the strictest limit equal to:

Chloride 600 mg/kg

Please let me know if you have any further questions.
