OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Hi Victoria,

I've been searching through emails and I can't find a receipt for this one. I know we submitted it via email on 7/1/19 and then Rob let us know about the web portal and filing fee. It took us a while to get setup and I may have failed to go back and upload the closure report again. I will get it submitted and send you the receipt and PO#. I apologize for the delay and confusion.

Sincerely,

Katie Jamison

Hey Katie,

As of July 1st, Application for administrative approval of a release notification and corrective action will require the operator to go to <https://wwwapps.emnrd.state.nm.us/OCD/OCDPermitting/Default.aspx> and provide payment for review of forms and/or documents.

Attached is a news release for Senate Bill 553 which establishes a fees schedule for the NMOCD. As of today, the fees go into effect and the payment is live on the OCD website. In order to ease some of the transition, NMOCD has put a [FAQ announcement](#) on our website.

Thank you,
