RE: [EXT] OXY - Sand Dunes 34 Federal #2 CTB (2RP-5241) - Delineation/Remediation Workplan

Mr. Brunson,

We have received your Workplan/Remediation Proposal for OXY - Sand Dunes 34 Federal #2 CTB (**2RP-5241**), thank you. This Workplan/Remediation proposal is approved with the following conditions of approval:

-  OCD will require all off road areas to be excavated to achieve the remedial criteria of 600 mg/kg for chloride.
-  All off road areas must contain a minimum of 4 feet of non-waste containing uncontaminated, earthen material with chloride concentrations less than 600 mg/kg.
-  Restoration, reclamation and re-vegetation to 19.15.29.13.NMAC.

Thank you,

Victoria Venegas
EMNRD
OCD-District II
811 S First St. Artesia
NM 88210

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
