**Subject:** [EXT] Notification for duck carcasses found in HHNM Sec 2W Pond (2RF-120)

Good Morning Victoria,

This email is to notify the NMOCD of 2 duck carcasses that were found floating on HHNM Sec 2 West pond on the afternoon 4/10. The audible bird deterrents were operating at the time, and our weekly inspections show no recent issues with them.

Thanks,

Omar Visairo  
Water Operations Supervisor
