Subject: [EXT] Ore Ida 14 Federal 2 - Devon Energy

Importance: High

All,

Devon Energy has two current spills open for this site. They are planning on plugging the well in the next few months. WBE has delineated the release from 9/23/18 (does not have an RP# assigned) but will be delineating the release from 11/18/15. Both releases will be remediated at the time of the reclamation of the site.

On behalf of WBE and Devon Energy we would like extend the above mentioned remediations until June 1st, 2019. If for some reason the well is not plugged by this time, we will notify you immediately.

Sincerely,

Natalie Gladden

Regulatory & Environmental Director
