NAB1914934715 WHITE FEDERAL COM #001H 2RP-5449
NAB1915531667 WHITE FEDERAL COM #001H 2RP-5469

Mr. Tavarez,

The OCD has approved the Site Characterization and Remediation Plan for incident # NAB1914934715 WHITE FEDERAL COM #001H 2RP-5449 & NAB1915531667 WHITE FEDERAL COM #001H 2RP-5469 with the following conditions of approval:

- COG/Tetra Tech will monitor the draw area and an updated Site Characterization Report must be submitted by the end of this year, December 2020.
- The delineation samples must be geotagged - GPS located samples - and good quality clear photographic evidence of the sampling process must be provided

The signed C-141 can be found in the online image data base under the incident #

Thank you,

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
