RE: Incident #**NRM1935840155, NRM2000235975, and NRM2000237294**

**Kalei,**

Your request for an extension to **November 20<sup>th</sup>, 2020** is approved. XTO is requesting an extension to the current deadline for submitting a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at the Remuda South 25 #126H. There were three releases discovered between October 22, 2019 through October 25, 2019. Drilling operations have been ongoing and to ensure the safety of all personnel and the environment, non-essential personnel are not permitted on site. This has prevented XTO from initiating remediation work. The most recent update provided by the operations team stated the drill out was complete and flowback operations were nearing completion. Operational updates will be provided to XTO's environmental group to ensure that work begins as soon as the flowback operations are complete and the Site is cleared. To provide enough time to fully assess the site and conduct remediation work, XTO requests a 90-day extension of this deadline until November 20, 2020.

Thank you,

---

**Subject:** [EXT] XTO- Extension Request- Remuda South 25 #126H (Incident Numbers: NRM1935840155, NRM2000235975, and NRM2000237294)

All,

XTO is requesting an extension to the current deadline for submitting a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at the Remuda South 25 #126H. There were three releases discovered between October 22, 2019 through October 25, 2019. Drilling operations have been ongoing and to ensure the safety of all personnel and the environment, non-essential personnel are not permitted on site. This has prevented XTO from initiating remediation work. The most recent update provided by the operations team stated the drill out was complete and flowback operations were nearing completion. Operational updates will be provided to XTO's environmental

group to ensure that work begins as soon as the flowback operations are complete and the Site is cleared. To provide enough time to fully assess the site and conduct remediation work, XTO requests a 90-day extension of this deadline until November 20, 2020.

Thank you,

Kalei Jennings
