RE: Incident #**NRM2016049766**

**Kalei,**

Your request for an extension to **November 20th, 2020** is approved. XTO is requesting an extension for the current deadline of August 20, 2020 for submitting a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at the PLU 442/443 SWD Battery (Incident Number NRM2016049766). The release was discovered on May 22, 2020 and initial site assessment was conducted. Remediation activities are currently ongoing, and the most recent laboratory analytical results indicate further remediation work is warranted. In order to complete the remediation work and submit a remediation work plan or closure report XTO requests a 90-day extension of this deadline until November 20, 2020.

Thank you,

---
