RE: Incident #**NRM2022758966**

Tacoma,

Your request for an extension to **February 1st, 2021** is approved. XTO is requesting an extension to the 90-day deadline for submitting a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at the Nash Unit #53 SWD (NRM2022758966) and associated release (2RP-5513). The NRM2022758966 release was discovered August 3, 2020 and an initial site assessment was conducted. XTO has conducted remediation work for this release in conjunction with work completed for 2RP-5513, release date June 11, 2019. To date, approximately 1,500 cubic yards of impacted soil has been removed. A Right of Entry (ROE) Permit was submitted to the State Land Office (SLO) on October 27, 2020 requesting access to the pasture in order to complete delineation of the release. The executed permit is still pending. XTO will finalize remediation activities as soon as the executed permit is received. In order to conduct further site assessment, complete the remediation work, and submit a remediation work plan or closure report XTO requests an extension of this deadline until February 1, 2021.

Thank you,

Subject: [EXT] XTO-Extension Request-Nash Unit #53 SWD (2RP-5513 and NRM2022758966)

All,

XTO is requesting an extension to the 90-day deadline for submitting a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at the Nash Unit #53 SWD (NRM2022758966) and associated release (2RP-5513). The NRM2022758966 release was discovered August 3, 2020 and an initial site assessment was conducted. XTO has conducted remediation work for this release in conjunction with work completed for 2RP-5513, release date June 11, 2019. To date, approximately 1,500 cubic yards of impacted soil has been removed. A Right of Entry (ROE) Permit was submitted to the State Land Office (SLO) on October 27, 2020 requesting access to the pasture in order to complete delineation of the release. The executed permit is still pending. XTO will finalize remediation activities as soon as the executed permit is received. In order to conduct further site assessment, complete the remediation work, and submit a remediation work plan or closure report XTO requests an extension of this deadline until February 1, 2021.

Thank you,
