RE: Incident #**NRM1932257155**

Brittany,

COG's request for an extension to **February 5th, 2021** is approved. This will be the **final extension** for this release. COG submitted a Work Plan for the site. The NMOCD denied September 10, 2020 and requested additional delineation. COG is requesting a three-month extension until February 5, 2021 to completed the additional assessment. COG has performed some groundwater review and sampling, but had some delays scheduling the drilling activities and permit to complete the assessment and determine depth to water for the area.

Thank you,
