Subject: Yates AS Fee Battery (nAPP2111230058) Extension Request

Good Morning,

EOG Resources, Inc. respectfully requests an extension to the Characterization/Remediation Plan for the below listed location to October 1, 2021. Due to heavy precipitation, progress in vertical and horizontal delineation have been significantly delayed. It is also estimated by the consultant performing the remediation at the site that a core rig will be needed to complete full delineation of the site, but they believe the Characterization/Remediation Plan can be completed by October 1, 2021.

Yates AS Fee Battery

Thank you,

Tina Huerta
