RE: Incident #**NRM2024822114 and NRM2024828793**

Amy,

Your request for an extension to **February 8th, 2021** is approved. This will be the **final extension** for this release.

Cristina Eads is no longer at the OCD.

Subject: Extension Request for CB BERU 23 14 Fee 06 401H, nRM2024822114 and nRM2024828793

Hello Christina,

We are needing another extension on these spills. There is a flowback crew on site and we cannot get in to finish our sampling activities.

Thank you,

Amy Barnhill

Hi Amy,

Right now I can only authorize a 90-day extension. At the end of the 90-day extension, if more time is required due to the ongoing work, you can request for another extension.

Apologies for the late response.

Subject: [EXT] Extension Request for CB BERU 23 14 Fee 06 401H, nRM2024822114 and nRM2024828793

Hello Cristina,

Chevron is requesting an extension on two spills to a drilling pad. The location is CB BERU 23 14 Fee 06 401H and the two incident numbers are nRM2024822114 and nRM2024828793. The first spill happened on 8-16-20 and the second one on 8-18-20. When we went to the site for initial delineation sampling, our FE team was on site doing some work. At this time completions is on site and we would like to request an extension until those operations are complete. Please let me know if a 6

month extension is acceptable. Sometimes completions can take awhile on these 4-6 well pads. Thank you for your consideration and assistance.

**Thank you,
Amy Barnhill**
