Attn: Mr. W. A. Gressett

Gentlemen:

As discussed in our telephone conversation of this date we are enclosing three copies of Form C-102 dedicating 40 acres to our Tracy Well No. 1, Undesignated Pool, Eddy County, New Mexico.

This well was drilled as a Strawn gas well but was dry at that depth. This well is now completed as an oil producer in the Cherry Canyon.

Yours very truly,

UNION OIL COMPANY OF CALIFORNIA
