We are trying to hook-up our Sam's Ranch gas wells. The only way we can get Duke to set a meter is to have the Barnhill, Lillie and Nola gas wells go to a central point of delivery (CPD). We hereby request permission to set a central point of delivery meter for these wells. The CPD will be located at the Lillie #2 location in 14S-28E. Duke will set a separate meter for the Cannonball (a Morrow well) at the same location. We are in the process of equipping and turning this well on.
