Yates Petroleum Corporation wishes to extend the captioned well's APD expiration date for one (1) year to October 29, 2005.

A drilling pit will be constructed at this well site under Yates Petroleum Corporation general plan approved by the OCD.

CEMENT TO COVER ALL OIL,  
GAS AND WATER BEARING  
ZONES i.e. Glorieta  
OCD

Sources at Yates Petroleum Corporation have relayed information to me that they believe there will not be enough H2S anticipated from the surface to the Precambrian formation to meet the OCD's minimum requirements for the submission of a contingency plan per Rule 118.

The State Engineers Web Site has been accessed for the captioned well. Ther were no records found of ground water depth, water well, or any indication of any surface water in the area surrounding this well location.

Thank you.
