Yates Petroleum Corporation wishes to Change names from the Conoco AGK Federal #8 to the **Conoco AGK Deep Federal #8**. Yates Petroleum Corporation wishes to extend the captioned well's APD expiration date for one (1) year to October 24, 2005. A drilling pit will be constructed at this wellsite under Yates Petroleum Corporation general plan that was approved by OCD on April 15, 2004. Sources at Yates Petroleum Corporation have relayed information to me that they believe there will not be enough H2S anticipated from the surface to the Morrow Formation to meet the OCD's minimum requirements for the submission of a contingency plan per Rule 118. The state Engineers Web Site has been accessed for the captioned well. There were no records found of ground water depth, water well, or any indication of any surface water in the area surrounding this well location. Thank you.
