**Operator: MARBOB ENERGY CORP , 14049**

**Well: MM SQUIRREL FEE #001**

User Name	Comment	Comment Date
MARBOB4	30-015-34019 We plan to complete this well in the Delaware and do not anticipate cutting any formations that contain H2S during the drilling of this well. Therefore we do not believe an H2S contingency plan is necessary.	2/24/2005
BARRANT	NSL is required for approval to drill.	2/25/2005
