	-						
	Initial R	esponse					
The responsible party must undertake the following actions immediately unless they could create a safety hazard that would result in injury							
■ The source of the rele	ase has been stopped.						
The impacted area has	s been secured to protect human health and	the environment.					
	_	ikes, absorbent pads, or other containment devices.					
	coverable materials have been removed and	_					
	above have not been undertaken, explain y						
ii un uie demons desemble	above have <u>not</u> been undertaken, explain v	yny.					
		+					
Per 19.15.29.8 B. (4) NM.	AC the responsible party may commence re	mediation immediately after discovery of a release. If remediation					
within a lined containment	t area (see 19.15.29.11(A)(5)(a) NMAC), p	fforts have been successfully completed or if the release occurred ease attach all information needed for closure evaluation.					
		est of my knowledge and understand that pursuant to OCD rules and					
regulations all operators are r	equired to report and/or file certain release notif	cations and perform corrective actions for releases which may endanger					
public health or the environm	ent. The acceptance of a C-141 report by the O	CD does not relieve the operator of liability should their operations have t to groundwater, surface water, human health or the environment. In					
addition, OCD acceptance of		esponsibility for compliance with any other federal, state, or local laws					
and/or regulations.	D.W. 1. 1
