13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 19.15.7.14 NMAC. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

Chevron respectfully requests the following changes to the approved application to drill:

- Changed Liner1 Hole size from 6-1/4" to 6-1/8"
- Changed 9-5/8" casing weight from 43.5# to 40#
- Added 5" 18# casing below the liner hanger to be run to 30 degrees into the curve. With 300' liner lap, this is ~ 200' in the open hole for TBS wells and ~ 500' in the open hole for WCA wells. The rest of the production casing will be 4.5" 11.6# as per plan.
- Updated proposed depth from 17,522 to 17,530

CASING
